Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been using Compounded Medications for menopausal symptoms since September 1998. These prescriptions have relieved my discomfort in many areas. I strongly object to your putting any restriction on what I or any other person wishes to purchase for our own health.
